

WATCH OUT FOR YOUR NEOBLASTS!

A COMIC INSPIRED BY THE TALK BY ALEJANDRO SANCHEZ ALVARADO

THIS IS THE STORY OF MARTI - THE PLANARIA. A SIMPLE BUT VERY COOL MODEL ORGANISM.

BON DIA!

MODEL ORGANISM!?
WHAT CAN YOU DO THAT WE CAN'T?

WELL, I DON'T SEE ANY OF YOU OVER HERE

REGENERATION

REGENERATION RULES!
I DON'T GET HURT AND
WHEN I'M BORED I CAN
MAKE SOME NEW FRIENDS.

I COULD DO THAT 270
TIMES BUT NOBODY CAN HANDLE
THAT MANY FRIENDS!

THE ONLY
DRAWBACK IS
THAT THESE
LITTLE GUYS
TICKLE!

TICKLING!?
EVERY TIME YOU
CUT YOURSELF
WE'RE THE ONES
TO SAVE YOUR ...
TAIL!

WOUND!
ALL NEOBLASTS WAKE
UP! PUT ON YOUR
EQUIPMENT AND DO
WHAT YOU DO BEST!

DIVIDE.
THEN
DIFFERENTIATE!

WHATEVER...

THE DAY MARTI'S LIFE CHANGED WAS A SUNNY DAY. A "PERFECT" DAY TO GO TO THE BEACH.

ADEU!

VAMOS A LA PLAYA!
OH OH OH OH

OH OH THAT WON'T
END GOOD...

Z ZZ

NOW
LET'S MAKE
SOME FRIENDS
TO PLAY!

HOW
NICE, NO
TICKLING
THIS
TIME!

THIS IS
TAKING TOO
LONG...

HEEE
EEEE
ELP!

HELP?

SEEMS THAT
YOU LOST YOUR
STEM CELLS.
HERE, HAVE SOME
OF MINE. YOU
SHOULD
TAKE BETTER CARE
OF THEM.

I REMEMBER
YOU LITTLE
FELLAS. WILL
YOU MAKE IT
ALL BETTER
AGAIN?

I FEEL
SOMETHING!

ARE THE
NEOBLASTS
AWAKE?

YUHU!!
REGENERATION
IS BACK!!

SOMETIME LATER...

THE END.

*SUN LIGHT CANNOT REALLY FRY STEM CELLS WITH GAMMA RADIATION (THEN AGAIN, PLANARIA ALSO CAN'T TALK). STILL, SUN PROTECTION IS VERY IMPORTANT.
